COVER LETTER

Attention: Dealer Principal · Re: A greeting card pilot for your Parts & Service counter and sales team

Dear Dealer Principal,

Your customers are proud of their trucks and cars. *The New Tradition* gives them a way to share that feeling: greeting cards created for Ford dealerships, sold at your Parts & Service counter and given by your teams to the people who matter most.

Here is why it works:

- **A card they can't buy anywhere else.** Birthdays, holidays, pets and milestones, with trucks, trails and open roads in every design. Customers pick them up while they wait, and your dealership earns about a 50% margin.
- **Goodwill your teams can hand out.** A signed card at delivery, after a service visit or for a referral turns a transaction into a relationship.
- **The First Ride Pass (p. 8).** Proud new owners give it to a friend for their first ride, and every ride is a test drive you didn't have to schedule.

Starting is simple. Order 72 cards for **$230.40** and a secured 12-pocket counter spinner is included free. It ships direct to your store and sets up in minutes. Pilots ordered before December include holiday and New Year cards, in time for the busiest gift-giving season of the year.

I suggest a pilot at one dealership, or at a few stores in your group. The full terms are on p. 5, the 12 starting designs on pp. 6–7, and my note on p. 10 shows how your teams can put the cards to work. Every card is printed in the USA.

May I send samples to your Service and Parts Managers this week? Simply reply to Brian@MelonGlowBooks.com and I will ship them right away.

Warm regards,

Brian Carey

The First Ride Pass

SPIN RACK CARD | CUSTOMER LOVE CARD

One card, two jobs: a thank-you from your dealership, and a pass the owner hands to a friend.

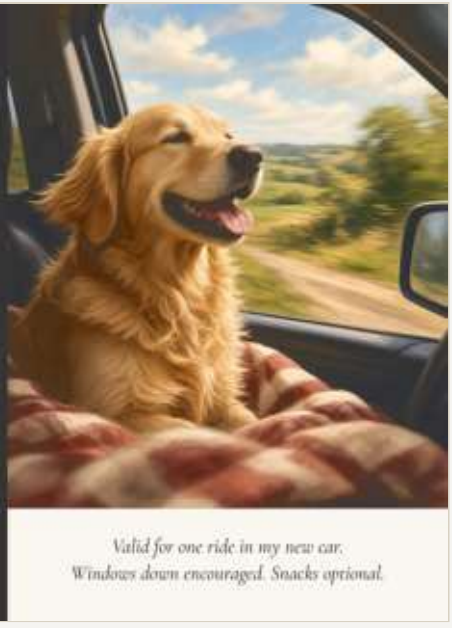

COVER · #6B

INSIDE LEFT

INSIDE RIGHT

Cover: First Ride Pass · Admit One · Front seat, best view. Ticket style with a perforated tear-off pass stub.

Inside left: the invitation in crisp white on black. **Inside right:** a happy golden dog on a blanket in the passenger seat, ears blowing in the breeze, with the line "Valid for one ride in my new car. Windows down encouraged. Snacks optional."

HOW A PASS GETS USED

1

At delivery

The delivery specialist hands the new owner a few passes with the keys.

2

The invitation

The owner writes a note and gives a pass to a friend.

3

The first ride

They go for a drive, and maybe a trip for ice cream.

WHY IT IS DIFFERENT

Every Ride Is a Test Drive

Almost every new owner has a friend who has been eyeing a new truck or SUV. The First Ride Pass gives the owner a warm, fun way to say: *come for a ride.* The friend hears about the vehicle from someone they trust, while sitting in it, and every ride is a test drive you didn't have to schedule.

HOW YOUR DEALERSHIP CAN USE IT

Sales & delivery	Hand the new owner a few passes with the keys: "These are for the friends you'll want to take for a ride."
Sales Manager	Tuck a pass into owner referral follow-ups and owner events, so owners have something to give the friend who keeps asking.
Parts & Service counter	Stock it on the secured counter spinner. Owners who want more passes, and anyone who loves the idea, can pick one up.

INSIDE MESSAGE

"You're invited for a ride in my new car! This pass is good for one trip: you pick the music, I'll pick the road, and we're stopping for ice cream."

INSIDE RIGHT CAPTION

"Valid for one ride in my new car. Windows down encouraged. Snacks optional."

A NOTE FROM BRIAN

How Your Dealership Can Use These Cards

Before you turn to the chapters, I want to share how I picture these cards working at your dealership. There are two ways, and every card in this catalog is made for one of them, or both.

The first is about relationships. Your team gives customers a card: a few handwritten words from the delivery specialist on delivery day, a thank-you on the driver's seat after a service visit, a birthday or holiday card in the mail. It is a simple way of saying *we remember you*, and it builds the kind of goodwill that brings people back to your service drive and your showroom.

The second is a card the customer buys. While they wait at the Parts & Service counter, they find a birthday, holiday or truck-dog card they cannot get anywhere else. It sits on a secured counter spinner and earns your dealership about a 50% margin.

Next to every design you will find a short note called **When to use it**: who hands it over, when it goes in the mail, or which pocket it sits in on the spinner. Please treat it as a starting point. Your teams know your customers best, and I would love to hear how they would use the cards.

Warm regards,

Brian Carey

Director, Adorable Greetings / Melon Glow Books

TWO WAYS TO USE THE CARDS

Good Feeling, Given and Bought

1 CUSTOMER LOVE CARD

Goodwill from Your Team

Your team hands out or mails the cards: on delivery day, with a service thank-you, on a customer's birthday and at the holidays. An advisor signs a short note inside, and the customer goes home with something personal from your dealership.

Your dealership buys at wholesale: $3.20 per card · **$19.20** for a set of 6
Advisor and staff packs: 50 or 100 per design, **$160** / **$320**
Larger quantities and mixed designs on request
A custom greeting printed inside any design: just ask

2 SPIN RACK CARD

A Card Only Your Counter Has

Customers waiting at the Parts & Service counter pick up a birthday, holiday or truck-dog card they can only get at your dealership. The cards sit on a secured counter spinner next to the register.

Customers buy at retail: $8 single · **$39** set of 6
Store cost **$3.20** / **$19.20**: about a 50% margin

DEALER GROUP ROLLOUT

From One Store to Every Rooftop

Dealer groups can start with one store, or a few stores at once, and grow at their own pace. Every store gets the same terms.

1

Pilot

Choose one dealership, or a few stores in your group. Each store orders 72 cards (**$230.40**) and receives a secured 12-pocket counter spinner free, shipped direct to the store.

Review

After the holiday season, compare sell-through at the Parts & Service counter and how your teams used the Customer Love cards. Keep the designs that sell, and try new ones from the full collection.

3

Roll out

Add stores whenever you are ready. Step up to the secured 16-pocket spinner (free with 96 cards, **$307.20**), reorder from 24 cards (**$76.80**), and add advisor and staff packs of 50 or 100 per design (**$160** / **$320**).

4

Make it yours
