COVER LETTER

Re: A greeting card pilot for Tesla Service & Parts and Delivery Centers

HOW TO USE THIS CATALOG

Every card is labeled with one of two types:

SPIN RACK CARD

Sold to customers off the countertop spinner at the Service & Parts and accessories counter.

CUSTOMER LOVE CARD

Given or sent by Tesla staff to their own customers: deliveries, service follow-ups, milestones and referrals.

SPIN RACK | CUSTOMER LOVE

Works as both: cards #7A and #7B, the First Ride Pass (featured on p. 8).

Each card page also shows **When to use it**: the moment, who hands it over or where it sits on the rack.

Attention: Retail Merchandising & Customer Experience Teams
Tesla, Inc. · 1 Tesla Road, Austin, TX 78725

Dear Tesla Retail and Customer Experience Teams,

Your owners already love their cars. *The New Tradition* gives them a way to share that feeling: greeting cards created only for Tesla, sold at your Service & Parts counter and given by your teams to the people who matter most.

Here is why it works:

- **A card they can't buy anywhere else.** Birthdays, holidays, pets and milestones, each with a Tesla twist. Customers pick them up while they wait, and stores earn about a 50% margin.
- **Goodwill your teams can hand out.** A signed card after a delivery, a service visit or a referral turns a transaction into a relationship.
- **The First Ride Pass (p. 8).** Proud new owners give it to a friend for their first ride, and every ride is a test drive you didn't have to schedule.

Starting is simple. Order 72 cards for **$230.40** and a secured 12-pocket counter spinner is included free. It ships direct to your store and sets up in minutes. Pilots ordered before December include holiday and New Year cards, in time for the busiest gift-giving season of the year.

I suggest a pilot at three to five locations of your choice. The full terms are on p. 5, the 12 starting designs on pp. 6–7, and my note on p. 10 shows how your teams can put the cards to work. Every card is printed in the USA.

May I send samples to your team this week? Simply reply to Brian@MelonGlowBooks.com and I will ship them right away.

Warm regards,

Brian Carey

FEATURED CARD · CARDS #7A & #7B

The First Ride Pass

SPIN RACK CARD | CUSTOMER LOVE CARD

One card, two jobs: a thank-you from Tesla, and a pass the owner hands to a curious friend.

COVER · #7B

Cover: First Ride Pass. Tear-off option: a perforated pass stub the owner hands to a friend. "0–60 in 0.8 seconds" is playful card copy, not a vehicle specification.

INSIDE LEFT · #7B

Inside left: the pass message in crisp white on black, with the playful "0–60 in 0.8 seconds" line.

INSIDE RIGHT · #7B

Inside right: the star of the card, full bleed. A fluffy golden dog buckled into a white seat, ears and cheeks blown back by the acceleration.

WHY IT IS DIFFERENT

A Conversation Piece

Many new owners have a friend who has always been curious about electric cars but never had the chance to ride in one. The First Ride Pass gives the owner a warm, fun way to say: *come for a ride.*

WORD OF MOUTH, FROM THE PASSENGER SEAT

A proud owner showing off their car is the friendliest introduction there is. The friend hears about the car from someone they trust, while sitting in it, and the card gives the owner a reason to make the invitation. It is a card people talk about, which keeps the conversation about the car going long after delivery day.

HOW TESLA CAN USE IT

Delivery Advisors	Hand the new owner a few passes at delivery with a quick word: "These are for the friends you'll want to take for a ride."
Sales & owner referral	Tuck a pass into referral follow-ups and owner events, so owners have something to give the friend who keeps asking about the car.
Service & Parts counter	Stock it on the secured countertop spinner. Owners who want more passes, and anyone who loves the idea, Tesla owner or not, can pick one up for their own reasons.

HOW A PASS GETS USED

1
At delivery
The Delivery Advisor hands the new owner a few passes.

2
The invitation
The owner writes a note and gives a pass to a curious friend.

3
The first ride
They go for a drive, and maybe a trip for ice cream.

WORKS AS BOTH CARD TYPES

A NOTE FROM BRIAN

How Tesla Can Use These Cards

Before you turn to the chapters, I want to share how I picture these cards working at Tesla. There are two ways, and every card in this catalog is made for one of them, or both.

The first is about love. Tesla gives its own owners a card: a few handwritten words from the Delivery Advisor on delivery day, a thank-you on the driver's seat after a service visit, a birthday or holiday card in the mail. It is a simple way of saying *we remember you*, and it builds the kind of good feeling between Tesla and its owners that lasts long after the visit.

The second is a card the owner buys. While they wait at the service bench, they find a birthday, special-occasion or howl-iday card they cannot get anywhere else, because it was made just for Tesla. It sits on a secured countertop spinner at the Service & Parts or accessories counter.

Next to every design you will find a short note called **When to use it**. It is my best thinking on the moment each card is made for: who hands it over, when it goes in the mail, or which pocket it sits in on the spinner. Please treat it as a starting point. Your teams know your owners best, and I would love to hear how they would use the cards.

Warm regards,

Brian Carey
