WHY CARDS BELONG AT THE FRONT DESK

Your clients already have *the time and the reason.*

1 **Additional retail income, without adding services.**
Cards are retail sold at the front desk. No new services, no extra appointments and no added chair time.

2 **Designs that entertain.**
Witty robot-and-puppy scenes and salon wordplay give clients something to smile about and spark conversation while they get their hair or nails done.

3 **They have a moment to browse.**
Color processing, dryers and drying nails give clients time to look around. A spinner by the front desk gives them something to browse.

4 **Two personalities, one display.**
Signature Characters bring the wit. Salon Elegance adds refined, beauty-themed designs for clients who prefer a classic look.

5 **No extra work.**
Each card arrives in its own clear cello sleeve, packed in bundles of 10 and ready for the spinner. Reorder by the code on each design.

$3.50	$6.95	$3.45	about 50%

Start with a 120-card pilot order (12 designs × 10), and we include the secured 12-pocket spinner free.

SL-FR-01 · FRIENDSHIP

Spa Together

Friends who spa together, stay together.

Our robot-and-puppy designs were created to stand apart from generic floral cards. A gentle robot and his golden puppy companion turn up for spa days, salon visits and birthday cake, adding a witty, warm note that suits a salon counter.

Ten designs in the collection feature the robot character, from birthdays and thank-yous to get well, new baby and wedding.

HOW IT WORKS

One spinner. Twelve designs. *Ten of each.*

Start with a 120-card pilot order (12 designs × 10), and we include the secured 12-pocket spinner free.

Pilot order	120 cards (12 designs × 10)
Your cost at $3.50 a card	**$420**
Potential retail at $6.95 a card	**$834**
Potential gross profit if all 120 sell	**$414**
Margin at suggested retail	**about 50%**
Secured 12-pocket spinner	**Free with pilot order**

- **Every card**
  5 × 7 inch folded card with envelope, in an individual clear cello sleeve. Packed in bundles of 10. Every card is assigned a GS1 UPC for retail programs.
- Printing
  Printed on the front cover, inside greeting, and back. The back repeats the inside greeting, so it can be read through the individual clear cello sleeve.
- Reorders
  Packs of 10 of one design, $35 ($3.50 a card). Note the code on any pocket running low and email your reorder.
- Made in the USA
  Printed in the USA. No brand names or logos on any card.

Potential retail and gross profit are calculated at the $6.95 suggested retail price, assuming all 120 cards sell. Your pricing and results may vary.
