THE NEW TRADITION · SALON & SPA COLLECTION

Greeting cards for the salon chair.

WHY CARDS BELONG IN A SALON

Your clients already have the time and the reason.

They wait. Color processing, dryers and drying nails leave clients sitting with nothing to do. A spinner by the front desk gives them something to browse.

They buy cards. Every client has a birthday, a friend, a mom or a thank-you coming up, and today she buys that card somewhere else.

They thank their stylist. Two designs are written for clients to give the person who does their hair, so they sell right there in the salon.

No extra work. Cards arrive sealed in clear sleeves, ready to drop into the spinner. Reorder by the code on each design.
