THE NEW TRADITION

The future is ours.

Robots, puppies & the holidays of tomorrow
Printed in the USA

Not the same old card aisle.

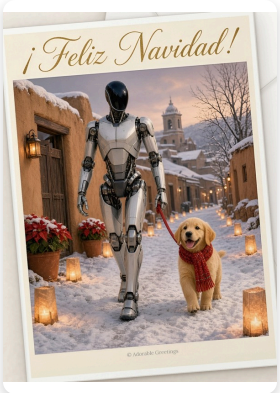

Shoppers have seen the same snowmen, balloons and flowers for decades. The New Tradition shows how holidays and life moments will be celebrated in the future, with friendly home robots, puppies, holograms, drones and flying gift pods, so it stops people in the aisle and gets them talking.

- ★ Bright, eye-catching art that stands out on a crowded rack
- ★ Warm and funny: “Soup by drone. Hugs by puppy.”
- ★ Appeals to kids, tech fans, dog lovers and grandparents
- ★ Spanish-language Christmas set included
- ★ Easy to stock: boxed sets of 6 with envelopes
